

2023 PRODUCT OFFERINGS

AT A GLANCE

ALL 2023 MODELS:

- 1.5" x 3" tubular HD fusion welded frames
- GT-Trac – precision traction, balance and control
- XTF (Xtreme Turf Flow) 7 Gauge reinforced decks with leading edge 9/16"
- Lifetime Leading Edge Warranty on the leading edge of XTF deck (see full warranty details)
- 4" deep deck RZ-C, 5" deep deck on RZ/RZ-Pro/RZ-HD/KG-C and 6" deep deck RT/SRT and KG models
- All decks are 7-gauge American steel fabricated decks
- Change-on-the-go Precision Deck Height Dial with shock-assisted deck foot lift
- Cast aluminum spindles with sealed ag bearings (up to 4 bearings per spindle) 1" shaft on RZ-C and 1.25" on all other models
- Folding ROPS standard on all RZ-HD, RT, SRT, & KGZ models
- Front and Rear radial tires standard on RT-HD and SRT models. Rear radials standard (RZ-HD and above)
- Convenient foot operated parking brake
- Control panel with LCD Display (clock, engine hour meter, deck hour meter, voltage meter, tachometer, oil life meter, low oil pressure light, low battery light, ready to start lights) soft start PTO switch pulses current to the electric clutch for soft start
- Keyless, enter personal code into keypad to start engine
- Ergonomic operator cockpit with 12 Volt Outlet all models with RZ-HD/RT/SRT models featuring deep cell phone pocket
- Anti-vibration Control Deck System with shock on the idler (excludes 42" series)
- 3-year warranty
- Solid anti-scalping wheels with grease zerker
- All Spartan transmissions are serviceable and have charge pumps (no charge pump TT300)
- All Spartans have commercial idlers, pulleys, decks, bearings, spindles, and belts
- Under the seat service access

RZ SERIES:

RZ-C

- Tuff Torq 300 Transaxle
- Bolstered seat
- Change-on-the-go Precision Deck Height Dial
- 13x6.5x6" bias-ply front smooth tires standard
- 20X7.00-10 Turf Armor 42" rear tires
- 20X10.00-10 Turf Armor 54" rear tires
- 1.5" x 3" tubular fusion welded frames
- 7 gauge reinforced XTF deck system
- 42" and 54" XTF decks with Vibration Control Deck System on 54"
- Engine: Briggs Commercial CXI 25 hp, Kawasaki FR651 22 hp (42" cut), or Kawasaki FR691 23 hp (54" cut)
- 5 gallon fuel capacity
- ROPS pocket

RZ

- Tuff Torq 400 Transaxle with steel gears and charge pump
- Bolstered seat
- Change-on-the-go Precision Deck Height Dial
- 13x6.5x6" bias-ply front smooth tires
- Turf Armor 22x11.00-10 rear tires
- Engines: Briggs Commercial CXI 25 hp, Kawasaki FR691V 23 hp (48" & 54" cut), Kawasaki FR730V 24 hp (61" cut)
- 48", 54" & 61" - 5" deep XTF decks
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control Deck System
- 5 gallon fuel capacity
- ROPS pocket

PRODUCT OFFERTINGS AT A GLANCE

See specifications & warranty statement for more detail

RZ-Pro

- Tuff Torq 450 Transaxle, with steel gears, charge pump, and oil filter
- Bolstered seat
- Change-on-the-go Precision Deck Height Dial
- Adjustable seat shock
- 13x6.5" bias-ply front smooth tires standard
- Turf Armor rear tires 22x11.00-10
- Engines: Briggs Commercial CXI 25 hp, Kawasaki FR691 23 hp, or Kawasaki FR730 24 hp
- 54" & 61" - 5" deep XTF decks
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control Deck System
- 5 gallon fuel capacity
- ROPS pocket

RZ-HD

- Parker HTE 10cc transmission with charge pump
- Premium bolstered seat with Dymetrol and 360 floating seat system
- 13x6.5x6 bias-ply front tires
- 22" rear radial tires
- Folding ROPS standard
- Engines: Briggs Commercial CXI 25 hp, Kawasaki FR691V 23 hp (48" & 54" cuts), or Kawasaki FR730V 24 hp (61" cut)
- 48", 54" & 61" - XTF 5" deep decks
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control Deck System
- 9.5 gallon fuel capacity

RT SERIES:

RT-Pro

- RT Dymetrol seat with 360 floating seat system
- Standard 24" rear radial tires
- 13x6.5x6" bias-ply front tires standard
- Uses: Parker HTE 10cc transmission with charge pump
- Engines: Kawasaki FT730V 24 hp, Kohler Confidant 25 hp, Briggs (Oil Cooler) Commercial 27 hp, or Kawasaki FX1000V 35 hp
- 54" & 61" - 6" deep decks
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control Deck System
- 9.5 gallon fuel capacity
- Folding ROPS standard
- Adjustable drive arms

RT-HD

- Full suspension seat with Dymetrol, TCB-3 Tec's Pak Elastomer Dampeners along with our 360 floating seat system and four radial tires that work together for a soft and smooth ride
- Heavy duty spindles with 4 ag bearings
- Adjustable steering arms with soft-touch knobs
- Folding ROPS
- Split beam LED light standard
- 13x6.5x6" radial front tires and 24" radial rear tires
- Parker HTJ 12cc transmission with charge pump
- Engines: Vanguard 26 hp, Kawasaki FX801V 25.5 hp, or Vanguard Big Block 36 hp
- 54," 61" & 72" XTF decks
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control Deck System
- 9.5 gallon fuel capacity

SRT SERIES:

SRT-XDe

- Smart Ride Technology consists of Patented TCB-3 Tec's Pak Elastomer Dampeners along with our 360 floating seat system and four radial tires that work together for a soft and smooth ride. Independent rear frame with Winamac coil springs
- Stress relief pads, rear aluminum wheels, front hub covers, chrome exhaust tips, and 10" full beam LED light
- Parker HTJ 12cc transmission
- Full suspension seat with Dymetrol and dial for operators' weight
- Folding ROPS
- Engine: Kawasaki FT730V 24 hp
- 54" & 61" XTF decks
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control Deck System
- Aluminum wheels
- 9.5 gallon fuel capacity

SRT-XD

- Smart Ride Technology consists of Patented TCB-3 Tec's Pak Elastomer Dampeners along with our 360 floating seat system and four radial tires that work together for a soft and smooth ride. Independent rear frame with Winamac coil springs
- Stress relief pads, rear aluminum wheels, front hub covers, chrome exhaust tip, 10" original full beam LED light
- Rear stabilizing kit
- Full suspension seat with dial for operators' weight
- Folding ROPS
- Parker HTG 16cc transmission
- Engines: Kawasaki FX1000V 35 hp, Vanguard Big Block EFI 37 hp, or Kawasaki FX1000V EFI 38.5 hp
- 54", 61" & 72" decks
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control Deck System
- 9.5 gallon fuel capacity

KGZ-XD

- Limited Edition featuring exclusive black out design
- Parker HTG 16cc transmission
- Folding ROPS
- Engine: 993cc Vanguard EFI with Oil Guard and electronic throttle control designed for lower noise and fuel savings
- Precision designed, solid forged clutch system for maximum torque and performance
- Twin 8 gallon fuel tanks with electronic fuel gauges
- 1.5" x 3" tubular fusion welded frame
- 7 gauge reinforced XTF Vibration Control 61" and 72" Decks
- On-the-go deck height selector with deck stop magnetic pin system
- Front and rear Michelin Tweels
- Adjustable suspension Dymetrol seat with 360 flotation

KG STAND ON SERIES:

KG-Pro

- 1.5" x 3" tubular fusion welded frame
- 54" and 61" XTF decks
- 7 gauge reinforced XTF Vibration Control Deck System
- Parker HTE 10cc transmissions
- Twin 6 gallon fuel tanks with digital fuel gauge
- Engine: Kawasaki FT 730 24hp
- 24" rear radials with 13 x 6 x 6.5" smooth tread pneumatic front tires
- Floating operator platform with on-the-go foot controlled deck lift
- Quick Change Height Adjustment with dash mounted magnetized set pin
- GT Trac precision controlled steering with quick set adjustable speed settings
- Dymetrol operator comfort cushion
- Drum brakes
- Dual cup holders, storage tray, dual USB and 12 volt charge plug
- Cooling and debris management deck mounted fans
- 4 peer ag bearing spindles with double seals and 1.25" shaft
- Optional quick connect 4" floating seat system, front suspension forks & stress relief arm pads

KG-XD

- 1.5" x 3" tubular fusion welded frame
- 54" and 61" XTF decks
- 7 gauge reinforced XTF Vibration Control Deck System
- Parker HTJ 12cc transmissions
- Twin 6 gallon fuel tanks with digital fuel gauge
- Engines: Kawasaki FX 801 25.5hp or Vanguard 37 EFI
- 24" rear radials with 13 x 6 x 6.5" front radial tires
- Aluminum wheels
- Floating operator platform with on-the-go foot controlled deck lift
- Quick Change Height Adjustment with dash mounted magnetized set pin
- GT Trac Precision Controlled Steering with quick set adjustable speed settings
- Dymetrol operator comfort cushion
- Drum brakes
- Dual cup holders, storage tray, dual USB and 12 volt charge plug
- Cooling and debris management deck mounted fans
- 4 peer ag bearing spindles with double seals and 1.25" shaft
- Optional quick connect 4" floating seat system, front suspension forks & stress relief arm pads
